“Photographing Wildlife Around the World”

Jon d’Alessio, a master nature and journalism photographer of the Marin Photo Club, will present a power point slide show to the GGCS Camera SIG. on Wild Life Photography.

Where: Our Classroom in San Rafael When: Nov. 18, at 1:30 -3:30 p.m.

Just back from photographing the lemurs of Madagascar, Jon d’Alessio will discuss photographing wildlife around the world.

He will present some tricks of the trade and lessons learned about planning trips, his traveling workflow and what to bring.

Since his retirement in 2008, Jon and his wife Catherine have been traveling the world photographing the magnificent wildlife of the world, visiting 24 countries on all continents except Australia.

Over the next year their travel plans include the penguins of Antarctica, the birds of the Falkland Islands and Vancouver island, the tigers of India, the polar bears of Norway and the Africa migration in the Serengeti and the Masi Mara.

Directions to Classroom in San Rafael: 1510 Fifth Avenue and walk through the black gate and down the alley on the left of the First Presbyterian Church or go to 1505 Mission Avenue and walk down three outside steps on the right of the buildings to the classroom.
