A person is shown from the chest up, holding a smartphone horizontally with both hands. The person's face is partially visible, looking at the screen. The background is dark and blurry, suggesting an indoor setting like a workshop or office at night. The text "Let's start" is overlaid in white, sans-serif font in the center of the image. The overall lighting is low, with a blueish tint.

Let's start

Here's the legal stuff

Last updated July 2015

MICROSOFT SOFTWARE LICENSE TERMS

WINDOWS OPERATING SYSTEM

IF YOU LIVE IN (OR IF YOUR PRINCIPAL PLACE OF BUSINESS IS IN) THE UNITED STATES, PLEASE READ THE BINDING ARBITRATION CLAUSE AND CLASS ACTION WAIVER IN SECTION 10. IT AFFECTS HOW DISPUTES ARE RESOLVED.

Thank you for choosing Microsoft!

Depending on how you obtained the Windows software, this is a license agreement between (i) you and the device manufacturer or software installer that distributes the software with your device; or (ii) you and Microsoft Corporation (or, based on where you live or if a business where your principal place of business is located, one of its affiliates) if you acquired the software from a retailer. Microsoft is the device manufacturer for devices produced by Microsoft or one of its affiliates, and Microsoft is the retailer if you acquired the software directly from Microsoft.

This agreement describes your rights and the conditions upon which you may use the Windows software. You should review the entire agreement, including any supplemental license terms that accompany the software and any linked terms, because all of the terms are important and together create this agreement that applies to you. You can review linked terms by pasting the (aka.ms/) link into a browser window.

By accepting this agreement or using the software, you agree to all of these terms, and consent to the transmission of certain information during activation and during your use of the software as per the privacy statement described in Section 3. If you do not accept and comply with these terms, you may not use the software or its features. You may contact the device manufacturer or installer, or your retailer if you purchased the software directly, to determine its return policy and return the software or device for a refund or credit under that policy. You must comply with that policy, which might require you to return the software with the entire device on which the software is installed for a refund or credit, if any.

1. Overview.

- a. **Applicability.** This agreement applies to the Windows software that is preinstalled on your device, or acquired from a retailer and installed by you, the media on which you received the software (if any), any fonts, icons, images or sound files included with the software, and also any Microsoft updates, upgrades, supplements or services for the software, unless other terms come with them. It also applies to Windows apps developed by Microsoft that provide functionality such as contacts, music, photos and

Change these at any time. Select **Use Express settings** to:

Personalize your speech, typing, and inking input by sending contacts and calendar details, along with other associated input data to Microsoft. Let Microsoft use that info to improve the suggestion and recognition platforms.

Let Windows and apps request your location, including location history, and use your advertising ID to personalize your experiences. Send Microsoft and trusted partners some location data to improve location services.

Help protect you from malicious web content and use page prediction to improve reading, speed up browsing, and make your overall experience better in Windows browsers. Your browsing data will be sent to Microsoft.

Automatically connect to suggested open hotspots and shared networks. Not all networks are secure.

Send error and diagnostic information to Microsoft.

Do Not Track is off, but you can turn it on in browser settings.

New apps for the new Windows

These apps don't just come with Windows 10, they were built for it. Better yet, they'll work as beautifully on your phone and tablet as they will on your PC. Click Next to use them to open files and websites.

Photos

Photos and videos from all your devices are automatically organized into albums, enhanced to look their best, and ready to share.

Music

Play and manage your music collection on your PC, phone, and Xbox. Want more? Subscribe and get unlimited listening to millions of tracks (where available).

Microsoft Edge

The web at its best. Take notes directly on pages, find things faster, and read distraction-free with Microsoft's new browser.

Movies & TV

Rent and buy the latest movies & TV shows and watch them in high definition (where available). It plays all your personal videos, too.

Choose your default apps

We'll set the selected apps as your defaults. Not ready for a change? Clear the check boxes to keep using your current defaults.
